With Apologies to None ~

For having gone "all out" last fall in promoting "American Bulbs for American Gardens." Results are now fully apparent to everyone who planted them. Hundreds of our customers reported quality and size of bloom far superior to any ever obtained from imported bulbs.

Inasmuch as garden lovers now realize the all-around excellence of American and English grown bulbs, we expect a trebled demand and, therefore, our advice is to act fast.

ORDERS SHOULD BE PLACED WITHOUT DELAY

For your co-operation in placing early orders, a discount of 5% from our prices appearing in this list will be allowed for orders placed before September 15th.

ALL BULBS READY NOW

All bulbs listed on this page are ready for immediate shipment and should be planted as early as possible—from August 15th to October 1st.

Madonna Lilies (Lilium candidum)

Really, no garden is complete without these chaste white Madonna Lilies. We are fortunate indeed, in our ability to supply the following strains. Supply very limited.

Green Mountain Strain. Fine. New England stock, strong bulbs. 75c each; \$7.50 per doz.; \$55.00 per 100.

Blue Mountain Strain. Hardy Pennsylvania mountain-grown. 60c each; \$6.00 per doz.; \$40.00 per 100.

North Star Strain. For mass planting. Will have 4 to 6 blooms on a stalk. 40c each; \$4.00 per doz.; \$25.00 per 100.

The Famous Salonika Strain of Madonna Lilies

It is extremely doubtful that this famous English strain would ever have been offered in this country were it not for the conflict. The flowers are larger and the plants are more prolific even though the bulbs run a little smaller than the regular French Madonna Lilies. They do, however, make up in flowering for what the bulbs lack in size. \$6.00 per doz.; \$40.00 per 100.

Complete Fall Catalog Ready September.

Madonna Lilies

Colchicum Autumnale

Fall Blooming Crocus and Colchicum

If planted now, will bloom this fall and every fall season thereafter.

Crocus Zonatus. Autumn-blooming Crocus. An unusual species with warm rosy lilac flowers accentuated by an orange-scarlet zone at the base of each flower. Each bulb usually produces several blooms. \$1.00 per doz.; \$7.50 per 100.

Colchicum Autumnale. The large, glowing purple chalice-like flowers appear without foliage in early autumn. For picturesque effects plant the bulbs among low carpeting plants like Thyme or Veronica. 45c each; \$4.50 per doz.

FALL-BLOOMING GOLDEN CROCUS (Sternbergia lutea). Several flowers from one bulb. Will bloom in 3 weeks after planting. Ideal for rock gardens. Plant 6 to 8 inches deep. \$2.00 per doz.; \$13.50 per 100.

Lycoris Radiata (Pink Spider Lily)

Particularly adaptable for planting south of Baltimore, these splendid and showy flowers will naturalize and multiply in southern climate and will be perfectly hardy in the north if planted in a protected location and covered each year. \$2.00 per doz.; \$13.50 per 100.

Schling's Multiple-Flowered Iris (I. ochroleuca)

Gorgeous Orchid-flowering Iris, splendid for cutting and mass planting. Perfectly hardy. New and worth-while. For best results bulbs should be planted before October 1st. A particularly splendid subject for southern gardens although perfectly hardy in the north.

White, Blue, Yellow, Lavender. \$3.00 per doz.; \$22.00 per 100.

Another Fine HARDY American-Grown Bulb

For the Garden Bulbs ready for shipment October 1st.

The famous Dutch, Orchid-flowering Iris from bulbs. Very popular with florists. The Orchid-shaped blooms and bold colorings make these a most exquisite cut-flower.

Blue Horizon. Bright sky-blue.

X Imperator. Midnight-blue, orange-yellow spot on lip.

X Poggenbeeck. Rich navy-blue.

X White Excelsior. Pure white.

X Yellow Queen. Golden yellow.

90c per doz.; \$7.00 per 100.

X denotes especially recommended for forcing.

Hardy American-Grown English Iris

Bleu Celeste. Light blue. **King of the Blues.** Deep blue. **Mont Blanc.** White.

Sunset. Yellow.

Othello. Rich wine-red.

\$1.15 per doz.; \$8.75 per 100.

American Grown TULIPS

The outstanding feature of American grown Tulips is that they are earlier flowering than the Dutch or English. The plants are usually more vigorous and because of their early flowering they last considerably longer in the garden for the fact that they bloom before the late hot May sun appears. It is our truthful opinion that they "beat the Dutch" Tulips. **All Top Size Bulbs.**

ENGLISH GROWN TULIPS

English Tulips have proven themselves as thoroughly satisfactory for all garden and commercial uses. An interesting feature of English Tulips is that the bud opens all at once so that the flower attains its full size immediately upon opening. The colors are beautiful.

We cannot guarantee that we will be able to supply any of these bulbs. However, we feel sure that Britain will deliver the goods. Orders taken subject to ability to supply only.
